

PARTNER PROGRAMME

Your clients need HR software. You don't need to build it.

HR partners should be able to do more for their clients without having to build and manage their own technology.

Your clients stay your clients

Jamie HR gives HR partners the tools to deliver a better service while keeping their own brand and client relationship at the heart of the experience.

It helps partners strengthen their proposition, build their business and develop a deeper relationship with their clients.

01

Strengthen your proposition

Add a modern HR platform to your service, under your own brand.

02

Build your business

Grow recurring value from the clients you already support.

03

Deepen client relationships

Stay close to your clients with a shared view of their people.

*Your brand. Your relationship.
Our technology.*

THE PARTNER TOOLKIT

Everything you need to serve **your clients**

Partner console

Manage all of your client accounts from one place.

White-label branding

Your logo, your colours, your client experience.
